Digital Literacy: Skills for Smart Students

BE SMART • BE SAFE • BE RESPONSIBLE ONLINE

DEFINITION

What is Digital Literacy?

Digital Literacy Defined

The ability to **find, evaluate, create, and communicate** information using digital technologies — responsibly, critically, and effectively.

It's not just knowing how to use devices — it's understanding **how the digital world works** and navigating it safely and ethically.

TOOLKIT

Useful Digital Tools for Students

Study & Notes
Google Docs · Notion

Present & Design
Canva · PowerPoint

Learn & Research
YouTube · Coursera · Zotero

Collaborate
Google Drive · MS Teams

SAFETY

Stay Safe Online

Strong Passwords
Use unique passwords + enable 2FA

Protect Personal Info
Don't overshare on social media

Avoid Unknown Links
Verify before you click — phishing alert!

Check for HTTPS
Only use secure, trusted websites

⚠️ 3 Billion+ phishing attacks are sent globally every single day. Stay alert!

PRESENCE

Professional Online Presence

YOUR DIGITAL IDENTITY

1. 🔍 **Google yourself** — see what others can find about you online
2. 💼 **Build a LinkedIn profile** with professional photo & skills
3. 🔒 **Review privacy settings** — control what the public sees
4. 🤔 **Think before you post** — 70% of employers check social media

EMAIL

Email Etiquette

✅ DO

- 📌 Write a clear subject line
- 🙏 Use polite greetings ("Dear Prof...")
- ⏰ Reply within 24–48 hours
- ✍️ Sign with your full name & ID
- 🔗 Use Drive links for large files

❌ DON'T

- 🚫 Use slang or casual language
- 📢 Write in ALL CAPS
- 😂 Add emojis in formal emails
- 📎 Send huge attachments
- 📭 Leave subject line blank

"Be Smart, Be Safe, Be Digitally Literate!" 🚀
